

Clean Sky 2 – Synergie avec les Fonds Structurels Européens gérés par la région

MoU Clean Sky – Countries/Regions

13 MoU in place

Countries / Regions

3 MoU will be signed

by end of November

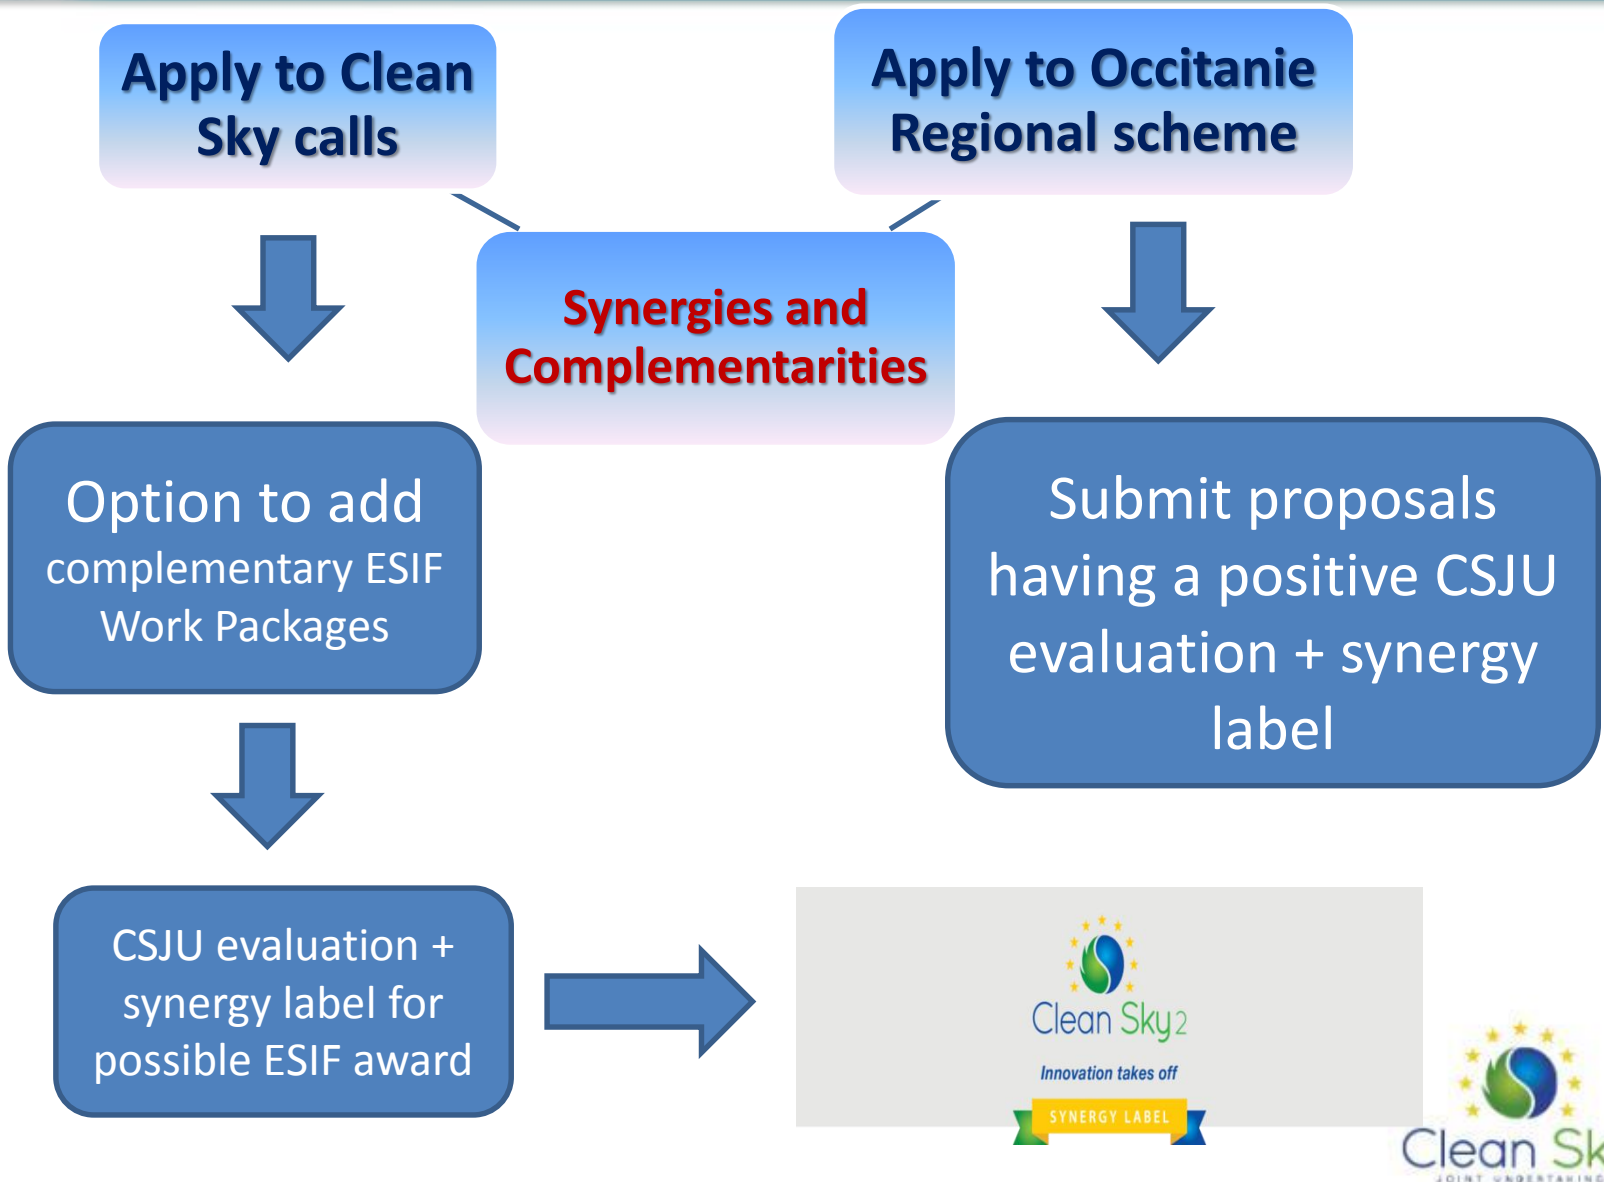

Clean Sky cooperation with Regions: objectives

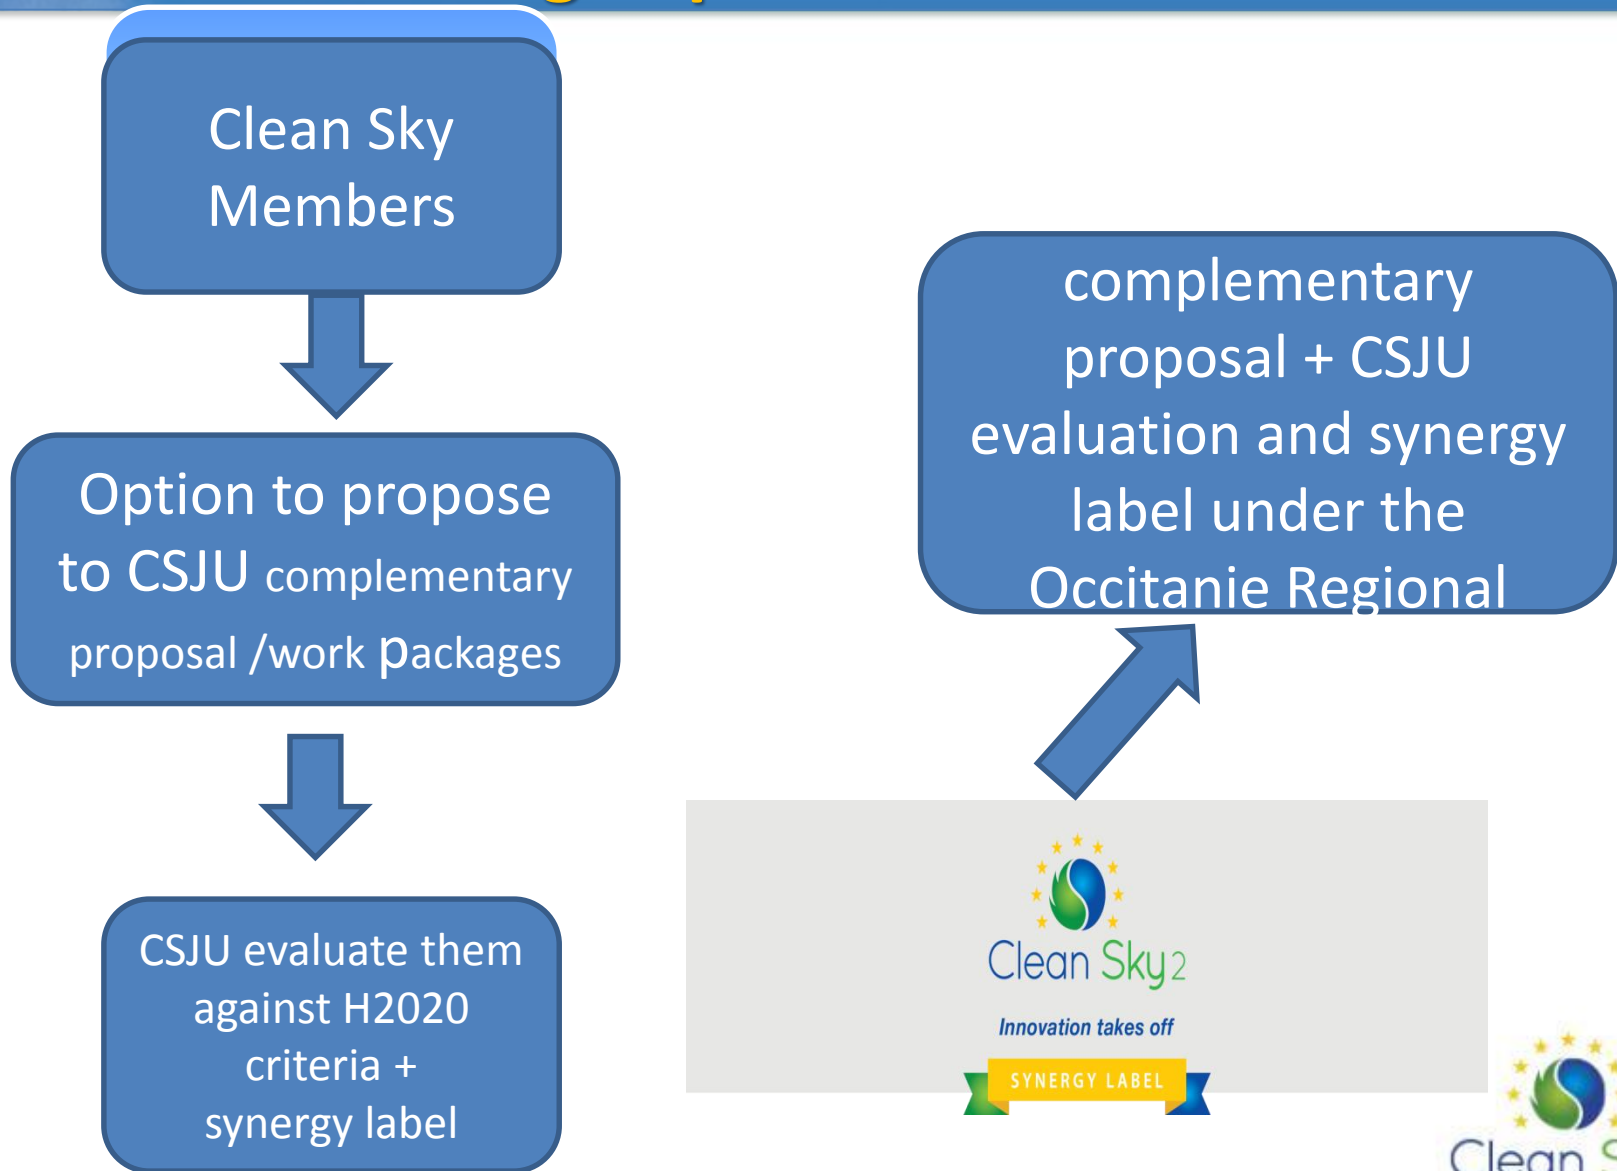

- **Contribute to enhance European dimension of “Aeronautics Regions” and Regions willing to invest in the sector “*think global – act local*”**
- **Contribute to underpin RIS3 priorities and regional efforts in aviation/aeronautics and correlated RIS3 areas**
- **Link RIS3 and projects to the industrial roadmap of the largest European R&I Programme in aeronautics**
- **Ensure more coordination on investments and use of large-scale research infrastructures in aeronautics**
- **Leverage effect from synergies between ESIF, EU Programmes and other National/Regional funds**

MoU Clean Sky – Occitanie

How to foster synergies

How to propose complementarities during implementation

ESIF: How does it work?

- **Identify open or planned calls (Readynov type of call or other regional funding scheme) / funding opportunities under ESIF**
- **Contact Managing Authorities** for funding opportunities in R&I (not only calls specific to aeronautics, also calls for R&I or SMEs etc.) and how you could link a proposal to an ongoing CSJU project or complementary activities proposed within a CfP (the Region may reward this “European” approach with specific selection criteria or extra points...)
- **Develop proposals by considering what you’re already doing or planning to propose under CSJU calls: funds under ESIF mostly to be spent within Region’s OP**

CfP application: ESIF WP (I)

- No change in the rules, **the proposal shall meet the topic scope**, the budget shall cover the scope of the topic
- ESIF WP will be evaluated as a separate process - outside the CfP rules and evaluation. **No impact on the ESR and scores of the proposal**
- Only those ESIF WP proposed by the **selected applicants** in the call will be evaluated
- Only **well identified activities/budget** which will/may be supported through ESIF by the Region shall be included in such a section
- **Reminder:** ESIF cannot be used to replace private contribution in JU co-funded action and no double funding of same costs items (!)

CfP application: ESIF WP (II)

- The CSJU will assess any proposed complementary activities in the ESIF WP via a **dedicated evaluation of the “CSJU Synergy Label”** with the submitted proposal and ITD/IADP area where **appropriate** and make possible recommendations
- The CSJU will ask **feedback from the Leaders** (TM) on the activity proposed and its “capacity” in synergies and complementarities with the main proposal and/or topic area and/or CS2 objectives
- ESIF **Managing Authority may consider** using the CSJU evaluation and synergy label to fund those activities, still based on their rules and funding schemes (submit the ESIF WP through the regional calls or other schemes).

Where to find more information

- Dedicated webpage on CSJU cooperation on synergies with MS/Regions : <http://www.cleansky.eu/structural-funds-and-regions>
- http://www.cleansky.eu/sites/default/files/documents/esif_guidance_note_csju_17_07_15.pdf (Guidance on how to submit Part C in the calls for proposals)
- Regional brochure showing ESIF funded complementary projects
- Looking forward showing the first projects funded by Andalucia (!)
